

Stay covered from classroom to playground.

Our insurance policy for K-12 is designed to provide best-in-class coverage for students who experience accidents.

Offered in connection with their school, this policy reimburses you for your child's eligible medical expenses if they experience an injury during a school-sponsored activity, like a field trip or athletic event, regardless if it's on or off school grounds.

Now, you can now focus more on what is important: your child's recovery; and less on the expenses to do so.

Accident & Health Insurance issued by
Liberty Insurance Underwriters Inc.

Playing on school grounds or participating in school-sponsored activities are great opportunities for learning, making friends, and personal growth. However, accidents can occur and be disruptive to not just daily life activities but also to finances.

Did you know?

Over
200,000
children

go to the emergency room each year
for playground-related injuries¹

75%
of injuries

related to playground equipment
occur on school grounds¹

If an accident happens, you will be prepared.

Our top priority is protecting your family's finances. That's why our K12 insurance policy provides a financial payout to your family if your child experiences a covered injury during a school-sponsored activity on or off school premises.

Because even with the school's coverage, if your child is injured during a field trip or athletic event, there still may be deductibles and out-of-pocket costs that can add up and cause you and your family financial stress.

This policy provides the additional financial protection needed to bring you peace of mind, so you can focus on getting your kid back to feeling like a kid again, rather than on expenses.
